Palace Hotel Overview

Whether you're booking an intimate gathering for 10 or an extravagant event for 300, Palace Hotel can cater to all your needs with options to suit all budgets & styles.

Palace Hotel in Sydney's Haymarket is a popular dining and entertainment choice for Sydney's business crowd, theatre goers & tourists in the CBD. Formerly Paddy Maguires pub, a major refurbishment has transformed the site into a stylish & contemporary venue while still paying homage to the heritage of the area, particularly the former Palace Hotel which once occupied part of the site.

The contemporary Brasserie with seating for 90 sits in a sunny Atrium by day & is candle lit by night. It is the perfect spot for a pre-theatre lunch or dinner with Capitol Theatre just next door & Sydney Entertainment Centre a short stroll away.

The interior design carries through aspects of the heritage-style Palace Bar with accents of dark timber & polished brass, with the addition of plush modern furnishings in the form of lounges, banquettes, chairs & stools along with dining tables in the middle bar.
